PROFILE

With over four years of experience as a website developer specializing in WordPress and Wix, I possess extensive proficiency in utilizing Elementor, Divi, and various other page builders to create visually appealing and highly functional websites. My expertise encompasses not only the technical aspects of website development but also the creative elements necessary to deliver impactful digital solutions.

In addition to my development skills, I have a strong background in SEO, focusing on optimizing content to improve Google rankings and drive organic traffic. As a versatile professional, I am committed to merging these skills to produce exceptional outcomes for my clients.
